• SKILLS

- UI/UX design
- Next.JS
- Prisma PostgreSQL

• EDUCATION

- Completed high school

• ABOUT

I have been studying programming actively for over two years and I am looking forward to getting a job or internship in tech.

• EXPERIENCE

Made a Next.JS music player app using the spotify API for fetching and playing songs while allowing users to create playlists that are managed locally.

Made a fullstack, mock, e-commerce website, with NextJS and Prisma, that use real e-commerce architecture and logic.
